## NEWS RELEASE

Tuesday, February 19, 2019

**\*\*UPDATE\*\***

Two additional arrest warrants have been issued in a recent robbery investigation. Norfolk Police Investigators obtained robbery arrest warrants for Kylan B. Bennett, 18, of Norfolk and Kentrell G. Monroe, 27, of Norfolk. Anyone with information as to either's whereabouts is asked to contact the Norfolk Police Division at (402) 644-8700.

Kentrell G. Monroe

### ORIGINAL RELEASE

On 2/11/19 at 5:03 p.m., Norfolk Police took a report of a residential robbery which occurred on 2/10/19 around 10:00 p.m.. The robbery was reported to have happened at an apartment in the 900 block of North 10th Street. The victims described that a male knocked on the door. When the victims opened

the door, two additional males with bandana-covered faces and brandishing handguns, entered the apartment and stole several cell phones, and a wallet containing credit cards and gift cards. The victims provided a physical description of the three suspects and weapons displayed. One of stolen cell phones was able to be tracked on a computer. The last known location of the phone was at a residence in the 1100 block of Rose Lane. Investigators obtained a search warrant for this address and executed the search warrant on 2/12/19.

During the search warrant, investigators recovered the stolen cell phone that was tracked to the address and one of the gift cards from the stolen wallet. They also recovered a Glock .40 caliber handgun matching the description of one of guns used in the robbery, along with several ounces of marijuana. Receipts from purchases made with the stolen credit cards were also discovered. Residents of the home were questioned and Luis C. Martin, 21, of Norfolk, was arrested for robbery, use of a weapon to commit a felony and unauthorized use of a financial transaction device. He was housed in the Norfolk City Jail and later transferred to the Madison County Jail. This case remains open and is currently under active investigation for the location of the other two suspects.
